

Worship Team Application

i. Instrument/Vocal Auditions

Musicians/Vocalists wanting to get involved with the worship ministry at L.N. will have a three-song audition which they will play/sing either with a band or individually on one of the bands practice days or another day set up by the leader. If auditions go well, we'll set up a meeting! (Psalm 33:3)

ii. Meeting with Worship Leader

If your audition goes well, then this is a time for us to meet one on one, where you can hear our vision of the worship ministry, expectations, goals etc., and you can share your heart and vision! If we feel like it's a fit, we'll ask you to "try us out"!

iii. Try us out!

This is the last step before being plugged into the worship ministry at L.N. This is a time where we ask you to come to our church at least three consecutive weeks in order to get a feel for how we do things, get to know the community, and make some friends! Next step is getting YOU plugged in!
